EXECUTIVE REPORT

I am pleased to present the Annual Report of the Independent Schools Sports Association for the year 2002.

The major activities of the Executive during the year have been:

- the finalisation of a membership application process;
- site visits by subcommittees to confirm membership application details; and
- the commencement of a policy review incorporating a review of current procedures associated with each policy area.

As a result of the agreed application process ten colleges/schools applied for membership. Site visits and reports to the Executive saw approval for eight colleges/schools to be admitted with two applications stili receiving consideration. However, these two schools have been invited to submit teams into the 2003 competition.

Adelaide High School, Cabra College, Concordia College, Glenunga International High School, Norwood Morialta High School, St Johns College, Unley High School and Woodcroft College were admitted as members of the Association.

I have attended many venues and watched a wide range of sports I would like to commend the students for the spirit in which they participate.

This spirit would not be generated without the commitment of Sports Coordinators and the many dedicated staff that assist them. On behalf of all the Principals I thank them for their efforts and commitment to boys sport.

It is a time when our society is increasingly concerned at the level of fitness of our youth but I am sure that the spirit and level of commitment of our students is such that they benefit greatly from the excellent program of sporting events provided by our association.

On behalf of all of the Heads and Coordinators of member schools, I thank Mrs Jill George for her excellent efforts as Executive Officer of the Association. We appreciate the fine work that she does and level of support she provides to Coordinators.

Dr Neville Highett
Chairman, ISSA Executive.

MANAGEMENT REPORT

The Management Committee with Steve Clohesy in the Chair, met four times during the year, one of which took the form of a one day Conference with a meeting included in the agenda. Steve is also the Management representative on the Executive Committee, who also meet four times a year.

This year it was decided to hold all our meetings at a central venue - and we thank Rick Woolford for offering Pulteney Grammar School for hosting these meetings. The decision to remain at one venue has been most successful and we trust we will be able to continue this in the future.

In the main, the Secondary management meetings are very attended, and I acknowledge and thank the Coordinators for their input into these meetings.

Some of the topics discussed at our meetings and the conference were:

- Membership
- Achilles Cup - age groups
- Division and levels in some of our competitions
- Updating of sports rules
- Updating Policy document
- Public Liability
- ISSA/SASSSA Representative Teams

Visitors to our meetings consisted of –

- ISSA/SANFL Umpires Convenors
- Peter Jonas Development Coach with SANFL Representatives from Gaelic Football

At the Annual Dinner held at St Paul's Function Centre, Dr Neville Highett as Chair of the ISSA Executive presented Life Membership award to the following people:

Ray Costar	Blackfriars Priory School
Jurgen Kracht	Prince Alfred College

It is indeed gratifying to be abe to acknowledge those sports coordinators/coaches from schools who have spent many hours over a long period of time involved with sport in our schools Our programs rely on these people, and the hundreds of others throughout our member schools - without their involvement our sporting programs would not exist.

The Primary Sports Coordinators met three times in 2002, at Christian Brothers College Junior School under the leadership of Mike Butffield.

We are indeed fortunate to have a group of very dedicated Junior Schools Coordinators, who are keen to give their students as many opportunities as possible to be involved in school sport Our Primary programs are increasing each year, and this is due to a large extent to this group of hard working Coordinators.

As Sporting Coordinator I thank all those Coordinators I have worked with in 2002. I acknowledge personally their commitment to the task in hand, their cooperation and the skill and knowledge they bring to this Association

Finance Report

INDEPENDENT SCHOOLS SPORTS ASSOCIATION

The Income and Expenditure statement for the period 1/1/02 to 31/12/02 and the Balance Sheet as at 31/12/02 have been drawn up so as to represent, to the best of our knowledge an belief, a true record of the affairs of the Association for the year ended 31 December 2002. The amounts have been individually rounded up.

Accounting Policies

These reports have been prepared for the information of members as required under the constitution and to fulfill the Association's statutory obligations.

Sporting Administrator
10 / 4 / 2003

Audit Report

I have audited the financial reports of the Association consisting of the Income and Expenditure statement for the period 1/1/02 to 31/12/02 and the Balance Sheet as at that date. The audit was conducted in accordance with Australian Auditing Standards. Procedures included an examination, on a test basis, of evidence supporting the amounts. These procedures have been undertaken to form an opinion as to whether, in all respects, the financial reports are presented fairly in accordance with the accounting policies of the Association.

In my opinion the financial reports present a true and fair view of the results of the Association as at 31 December 2002 and the results of its operations for the year then ended.

ATHLETICS

In the year 2002 the Achilles Cup was held at the Santos Stadium on September 26th. It was a little disappointing that Mercedes were not able to compete, after entering for the first time in 2001. We trust that this will be only temporary and that we will see them involved in the future.

Prince Alfred College was the host school and we thank Peter Williams and his group of students and teachers who assisted in carrying out a variety of tasks throughout the day.

With the fine tuning of the program, the event ran very smoothly and we were able to complete the day well within the anticipated time.

Thanks must be recorded to all officials from the competing schools. those from Athletics SA and Little Athletics, whose willing assistance is vital to the smooth running of the event.

A special thanks to Mr Jeff Brock of Scotch College who has been involved with the computer program and the results for many years. This was his last Achilles Cup in that role, and ISSA is most grateful for his expertise and assistance.

Dr Stephen Codrington Principal of the host School, and Dr Neville Highett Chair of ISSA Executive, presented trophies and pennants to the winning schools.

Prince Alfred College were victorious in Group A, defeating St Peters College in a very close contest. St Michaels College were the winners of Group B with Westminster in second place.

Final Scores were:

GROUP A
Prince Alfred College
St Peters College
Pembroke School
Trinity College
Rostrevor College
Pulteney Grammar School
Sacred Heart College
Christian Brothers College

GROUP B
St Michaels College
Westminster School
Scotch College
St Ignatius College
St Pauls College
Immanuel College

The Age Group Pennants were won by the following schools

U14	Prince Alfred College	St Michaels College
U15	Prince Alfred College	St Michaels College
U16	St Peters College	St Michaels College
U17	Pembroke School	Scotch College
Open	St Peters College	St Michaels College

BADMINTON

Badminton has continued to increase in popularity with teams in both the Open and year 8/9 competition increasing by twenty per cent.

Not only have the number of schools participating increased, but some schools have found they are entering at least double the number of teams at each age level.

The games continue to be played at 9.00 a.m and 10.30 a.m. on Saturday morning, and this seems to be the most suitable time to hold this competition.

CROSS COUNTRY

Four new schools entered our Cross Country competition for 2002 - this increased the number schools involved up to seventeen.

In partnership with SASSSA we trialed for the first time this year a teams Relay at CBC. This was very well received, particularly with the ISSA schools and we have programmed another similar event for 2003.

The following schools assisted us in hosting one of the competition days and we thank them for their continued support.

Mercedes
Cabra
St Ignatius
Christian Brothers College
Pulteney Grammar
Adelaide High School
Rostrevor College
Pembroke School
St John's Grammar School

COMBINED BASKETBALL

This year the Annual Game between ISSA and SASSSA was held on Saturday March 9th at the clipsal Powerhouse, as a curtain raiser to the 36ers second semi-final.

As we have come to expect from this annual event, both teams displayed excellent skills, and it was obvious these boys were extremely talented young players.

The SASSSA team was successful in winning the game 96-86.

ISSA wishes to thank Wayne Hoffman and Brian Cadd for their continued support as Officials of our Representative Basketball Team.

We also wish to record our sincere thanks to BASA through Colin Thompson for their continued support of this game – not only in allowing us to play at the Powerhouse, but also in supplying umpires, timekeepers and scorers, all of whom play a vital part in enabling a game such as this to take place.

Back Row: Wayne Hoffman (Coach), Peter Nguyen (SPSC), Ian Brown (CARD), Eric Burdon (BPS), Marcus Ng (SPSC), Brett Filz (SHC), John Cadd (Manager).
Front Row: Alex Bradley (MHS), Phil Modra (TC), Nathan Vaughan (CAB), Josh Woods (SHC), Luke Mapunda (SPC).

COMBINED CRICKET

This year the Annual Match between ISSA and SASSSA was held on the Adelaide No 2 Oval on Tuesday March 19th.

The game attracted some spectators and the weather this year was kinder to us than the previous year.

Both teams had their turn in displaying some very skilful young cricketers, some of whom will certainly go ahead into the next level of play.

At the end of play, ISSA claimed the game with a score of 8/165 – defeating SASSSA who were all out for 149.

ISSA wishes to thank the following personnel for the time and effort they have continued to give in the preparation of the players for this annual match.

Steve Clohesy as Coach of the team and Peter Williams who assisted with the selection. We also thank Pulteney Grammar School for the use of their practice pitch for the selection trials.

We also acknowledge SACA for their continued support of this game.

Back Row: Paul Allegretto (SPSC), Jon Tamblyn (PAC), Matthew Kakoschke (WS), Daniel Franco (STMC), Brad Coles (PAC), Lachlan Oswald-Jacobs (SPSC), Mr. Stephen Clohesy (Coach).
Front Row: Jake Brown (RC), James Harford (SPSC), David Cunningham (SHC), Cullen Bailey (WS, Captain), Andrew Mackie (SHC, Vice Captain), Henry Slattery (RC).

FOOTBALL

The ISSA Football competition continues to be a strong and important part of our winter sports program. As was evident in 2001, there were more schools entering fifteen-a-side particularly with their 'B' teams, but this has enabled many schools to maintain their status quo within the age groups.

There continues to be a variance in the standard of teams across all age groups. However, by drawing the program for only term 2 for all groups has assisted in teams being able to change their selection in term 3 if they feel their team would benefit by the change.

The results of the semi finals of the Pool A McDonalds Cup were:

Sacred Heart	18.12	def	Prince Alfred College	2.4
Rostrevor College	13.11	def	Trinity College	8.9

The Grand Final was played Tuesday September 17 under lights at Norwood Oval.

Sacred Heart	18.17	def	Rostrevor College	2.2

Player of the Match was awarded to Nick Smith of Sacred Heart College who received the 'Colin Steinert Medal'.

In the Year 8/9 Knockout Competition, Sacred Heart won the Grand Final by defeating Brighton High School, 6.6 to 3.6. The SANFL provided Medallions for the winning teams and appointed umpires for the final which was played at Glenelg Oval on September 19th.

ISSA wishes to thank Frank Leonard for his interest and support, and to SASSSA for their organisation of these Knockout competitions.

The SANFL, through both Shane Harris and Mark Bywaters, have continued to assist us with their appointment of an Independent Schools Umpire Panel Supervisor in Robert Murphy, who was ably assisted by Colin Steinert.

We thank both Robert and Colin for the work they have done in training and placing Umpires to our afternoon games, and also for their efforts in assisting schools with umpires for the morning competition.

COMBINED SOCCER 2002

The Independent Schools Combined Soccer Team was chosen from a group of approximately forty boys after three weeks of training.

The match was played at the Enfield City Soccer Club on Sunday 16th June, and we again thank the Officials of Enfield City for enabling us the use of their facilities.

The game was well contested with both sides displaying a high level of skill, good sportsmanship and pleasing team work.

The first half showed the SASSSA team gain superiority with the half time score 4-0. However the ISSA boys fought back in the second half and held their own in most positions except in delivering the ball into goal.

The final score showed SASSSA clear winners - 4 goals to 1 goal.

ISSA thanks the officials involved with the team for their commitment and willingness to assist. Particular thanks to Ray Coster as Coach, Mr V Basile, Assistant Coach and Noel Karcher as Manager of this team.

Back Row: Mr. R. Coster (Coach), Yuki Saito (SC), Anthony Zankic (CBC), Adam Lonardo (CBC), Aaron Coultate (PGS), Alex Durovic (TC), Brad Weaver (IC), Michael Toomer (SPC), Mr. V. Basile (Assistant Coach), Mr. N. Karcher (Coach).
Front Row: John Besir (PAC), Matthew Richardson (BPS), David Tassone (BPS), Tony Paglia (BPS), Fabian Bucco (BPS) (Captain), Elias Koukos (SPSC), Andrew Reimer (SIC), Daniel Tsagouris (PAC), Dillon Iacopetta (MTC).

TABLE TENNIS

Table tennis continues to be supported by a growing number of schools, particularly at both primary and year eight level.

Friday evening has become a very acceptable time for many schools; not only does it enable those students who wish to play another sport on Saturday morning, but it also gives school much more flexibility with the use of their indoor facilities.

TENNIS

As was the case in 2001, the number of tennis teams at all levels has increased quite dramatically particularly within some schools.

However the problem of court availability has not improved, and in some cases schools have been forced to limit the number of teams because of the lack of facilities. The problem is wider than the schools community - in general there is a lack of council and or club facilities which schools previously were able to access and this is an ongoing problem.

However there are some strategies which schools have used to assist them, the most common being using two time-slots on the courts and thus enabling many more teams to be programmed on the same courts.

SOCCER

The trend which was noticeable over the last few years has continued within our schools - that is the obvious increase in the number of boys wishing to play soccer.

Almost every age group showed a marked increase in numbers, in particular the year 8 and 9 and primary age levels.

The problem which many schools are faced with is finding enough grounds for the number of teams they wish to enter. Whilst at this stage no school has been forced not to enter teams because of this, it is a distinct possibility that this will be the case in the future it the numbers continue to rise.

Schools with the large number of soccer players have been proactive in searching for other grounds within the community - but again the lack of public playing facilities is a general problem whatever the sport.

We continue to enlist the assistance of the South Australian Soccer Referees Association through David Keniwell and ISSA wishes to sincerely thank all those involved for continuing to support our Saturday morning senior program. The task of finding referees for our games is becoming increasingly difficult as it seems that the oider referees retire and the supply of a younger generation of referee is not forthcoming in the same manner.

PRIMARY GOLF

A record ninety four players entered the 2002 ISSA Primary Golf competition which was held at West Lakes Shores Golf Course in Term Three.

The winning score was achieved by Mark Costalas from St Michaels College who completed back to back titles.

The State Championship was held a week after the Independent Schools Golf Day, where our best players were represented.

In a reverse of the previous week, Chris Brown from Prince Alfred College won the State Championship. Grange Player, Nathan Baulderstone from East Adelaide Primary School was runner up.

ISSA wishes to thank Mike Buttfield for the dedication he shows in continuing to organise and run our ISSA event. We must also acknowledge the teachers from our schools who assisted Mike over the day - this certainly made the task easier and we thank all those involved in any way.

DRIVE TENNIS 2002

This excellent Saturday morning tennis competition involving the elite players from our schools has continued to flourish.

We continue to have a good working relationship with the Next Generation and we thank those involved for their cooperation and willingness to assist.

The teachers involved with the Student Tennis continue to support this ongoing program and have accepted the changes willingly and have assisted in every way towards the smooth running of the competition.

DRIVE TENNIS RESULTS 2002

A1 PREMIERSHIP TABLE AND POINTS

ST PETERS COLLEGE	26
ST MICHAELS COLLEGE	24
MARRYATVILLE HIGH SCHOOL	16
BLACKFRIARS PRIORY SCHOOL	16
PEMBROKE SCHOOL	14

PULTENEY GRAMMAR SCHOOL	4
CHRISTIAN BROTHERS COLLEGE	4

Winner of the Division 2 Trophy 2002 — Prince Alfred College
Winner of the Player of the Year Division 2 2002 — Matt Pepper Unley High School

HOCKEY

Our hockey competition in the year 2002 showed similar numbers as the previous years. However, it was encouraging to see Unley High School, Glenunga International High School and St John's Grammar School taking part for the first time.

We extend our thanks to those school who have again allowed ISSA to use their synthetic surface each Saturday morning. Those schools involved are, Christian Brothers College, St Peters College, Pulteney Grammar School and Prince Alfred College. In addition we have continued to use Woodville, Adelaide University, and Golden Grove.

ISSA is grateful to Hockey SA, through Peter DeLacey for supplying and allocating Umpires to most of our games, this is indeed a service we hope will continue. We must add our thanks also to Margaret Grieve who assisted Peter with supplying Umpires to the Golden Grove venue.

The Primary competition was again shared between Adelaide Hockey Club and Burnside Hockey Club, both in the use of facilities and umpires. We thank them for their willingness to assist and trust that their clubs gain something from this interaction with our schools.

This competition has grown very little in the last few years, again no new schools have entered, which allows very little development into the secondary level.

VOLLEYBALL

The Volleyball competition has continued to grow and this is indeed encouraging for the supporters of the sport.

ISSA continues to be grateful to those schools who made their facilities available for regular use, namely, Rostrevor College, Blackfriars Priory School, Christian Brothers College Pulteney Grammar School, and to a lesser degree Pembroke School and St Peters College. However, the increase in teams has meant that it is becoming more difficult to program all games for the different groups at the same venue. At the moment we have coped without too much disruption for schools, but if the numbers continue to increase we may have to look at either splitting the venues, or endeavouring to find more indoor facilities.

Our Association thanks Volleyball SA for their assistance with supplying referees at most venues. ISSA also records their thanks to the teacher involved in assisting in overseeing the venues each Friday afternoon.

SWIMMING

The Wednesday afternoon swimming competition involved fifteen schools who competed weekly at various Schools. We again thank those schools and their personnel for organising the weekly 'meets' allocated to their pool - those schools being: St Peters College, Rostrevor College, Scotch College, Prince Alfred College and Pembroke School.

The final was held at Prince Alfred College, on March 27th. ISSA particularly thanks Mr Graham Baird and any others involved at the School, for their assistance and cooperation.

Final results were:

PEMBROKE SCHOOL	701
PRINCE ALFRED COLLEGE	658
ST PETERS COLLEGE	611
ROSTREVOR COLLEGE	610
ST MICHAELS COLLEGE	482
WESTMINSTER SCHOOL	444
TRINITY COLLEGE	365
MERCEDES COLLEGE	335

OFFICE FOR
RECREATION
& SPORT

SOUTH AUSTRALIA
Government
of South Australia

WATERPOLO

Waterpolo remains a strong sport within the relatively few schools where there is a long-standing tradition for the sport. However, there are very few new schools who enter this competition, one of the reasons being that they find these schools far too strong and there are not enough other schools of their standard to play against.

The Adelaide Aquatic Centre continued as the venue for both the Open A/B and the year 10 competition. Although the cost of this venue has risen slightly, without the use of this facility our program would not exist. We are grateful to Anne Kurzel at the Aquatic Centre for her assistance and support at ail times.

We continued to hold the year 9 competition at Pembroke School, and we thank those involved there for their assistance and cooperation.

The year 8 competition was held at the Payneham Swimming Centre and this proved to be an excellent venue for this age group. We hope to be able to continue with this venue in the future.

We are again grateful to Gary Mavrenic from the Waterpolo Association for the organisation of the referees on a weekly basis.

The cost of water usage at the Adelaide Aquatic Centre rose slightly in 2002, however, it is still within reasonable limits, and we trust that it continues to be affordable for our schools.

Creating a smoke-free South Australia

Isn't it great to smell the fresh air! Fortunately more and more South Australian sport, recreation and arts organisations are choosing to be smoke-free. May all South Australians enjoy smoke-free venues, and enjoy being healthy.

Government of South Australia

we're smoke-free
