Executive Officer's Report
Leo Panzarino

After losing much of the 2020 sporting year to COVID, it was good to resume sport in schools.

The Term 1 competition was able to complete its program with all the finals competition able to run without interruption, although there were still restrictions in place. Introduction of Team Grouping in sports provided schools the opportunity to play against multiple teams from the same schools. This grouping was applied through summer and winter sporting program.

This created a positive experience with schools/families being able to travel to the one venue making it an easier experience with staffing and transport, but there were still issues with mis-matched teams and blow out fixtures.

The Division 1 1st XI Cricket Grand Final between host school Sacred Heart College and PAC was lost to weather. The Division 2 Grand Final Between CBC and St Peters was able to achieve a result. Adelaide High school dominated in the T-20 format winning the Division 1, Division 2 and Middle Grand Finals.

PAC won the Open A Water Polo shield; many thanks to Jon Harmer who oversaw the appointment of officials for the competition fixtures.

In Volleyball two new schools featured and won the Open finals, with Pulteney claiming Division 1and Nazareth Division 2, both schools for the first time. This was encouraging to see fringe schools growing in strength in SAAS sports.

The winter program ran over Term 2 without issue but unfortunately was interrupted at the beginning of Term 3 losing week 1 and week 2 of the fixtures due to COVID restrictions.

In the Football program, Sacred Heart College provided too strong, claiming the Division 1 title, St Ignatius took out the Division 2 Shield for the first time.

SAAS would like to thank Jason Brown, Akram Rashid, and Colin Steinert for all their help with the SAAS Football program and Umpire training.

The Basketball competition was once again the most competitive competition in SAAS. Many teams across the Division 1 and Division 2 competitions were closely matched in ability. PAC won the Division 1 title defeating Trinity, with Modbury High School claiming the Division 2 shield. Thank you to Nazareth College for hosting the SAAS Basketball Grand Final Day, a very positive finals day experience.

The Division 1 Soccer had newly promoted St Ignatius College perform back-to-back Grand Final wins taking out the Division 1 title defeating CBC. Blackfriars won the Division 2 with a 2-1 win over St Pauls College. Once again the soccer was competitive and a show case for the high level of this sport in SAAS.

For the first time Year 2/3 Football was introduced, the games were played at central venue with SAAS providing umpires. This model was well received with the that the competition will grow moving forward.

Cross Country was restructured with the competition compressed into term 2 with the relay event as the final. This year had SAAS open the competition to girls' schools with Senior, Middle and Primary competition in both genders. This revamp provided a positive move in rebuilding interest in the sport.

St Peters College proved once again to be too strong in the Achilles Cup Athletics once again taking out the Group A competition, with Rostrevor Claiming the Group B Cup.

SAAS took on the responsibility to appointing and paying AFL, Soccer and Basketball umpires in as many sports as possible. This removed the need for schools to pay cash or arrange eft payments with external coaches. This was a financial and time-consuming process for the office, but a service considered important for the member schools.

Executive Officer's Report cont.

Heading into 2022 SAAS will undergo a change through its Governance, with a new Constitution and Membership structure. Schools will have the opportunity to become Full or Associate members of the SAAS organisation.

The membership criteria will involve a membership fee, and depending on the membership category of a school, voting rights and opportunity to be present on the SAAS Board.

There will be a Sports Program Committee along with Sports Sub committees to assist in fine tuning each sport and addressing any sports or association matters.

Many thanks to all the people who have assisted to help make SAAS function and work over the year.

Leo Panzarino
SAAS Executive Officer

Chair's Report
Tim Browning

2021 was an enormous year for SAAS. The efforts of the Board have been devoted toward governance review which commenced with an invitation for all schools to engage in the review process. Through face-to-face meetings and online conversations with the Chair, support was garnered for a complete overhaul of the SAAS membership and governance structures. The review sought to address the following weaknesses of the Association:

Membership
Membership of SAAS was largely transactional. Schools basically purchased a 'slot' in a competition, nothing more, nothing less. No school was compelled to invest in the ongoing development of the Association or in the development of the competition and pathways for the benefit of all member schools and their students.

Governance
Our governance structure saw Coordinators and Heads at the decision making level and our Executive Committee was undersubscribed. This lack of buy-in was further reinforced by and evident in low meeting participation.

Commitment
Our Association lacked ownership (commitment to the competition) from member schools from time to time. This was seen through the occurrence of forfeits, late changes, withdrawals. In addition, there was no mechanism to account for our diversity of membership and varying commitment to school sport.

One-Sided Fixtures
Although there was good progress achieved in 2020, we were still seeing several one-sided fixtures. There was still no mechanism to deal with a one-sided fixture during the match itself.

Club v School Sport

Representative pathways often clashed with school sport calendars and in many respects clubs simply ignored school sport. This was very frustrating and worked against the hard work of all our staff and students in our schools. A future could see SAAS competitions culminate with SAAS representation which is highly prized and respected by other sporting associations.

In order to address the above weaknesses, the following reforms were proposed:

- Review of the Objects of the Association
- Review of Membership Requirements
- Reform of the Executive

In addition, efforts were made to ensure that the future Association was confidently positioned to promote and protect: collegiality between schools; our shared values; high standards and improved pathways. These reforms were tabled and discussed and a new Constitution was passed by a unanimous endorsement from members schools at the special meeting held in May 2021.

The next task was the transition from interim Board to a full new Board. This process was undertaken as per the requirements of the new Constitution and I am pleased to list the full Board membership below:

SAAS Board Members

Tim Browning	St Peter's College (Chairman)
Helen Riekie	Cabra Dominican College
Daniel Lynch	Christian Brothers College
Luke Thomson	Pembroke School
Brad Fenner	Prince Alfred College
Frank Ranaldo	Rostrevor College
Steve Byrne	Sacred Heart College
John Newton	Scotch College
John Foley	St Michael's College
Simon Shepherd	Westminster College

Applications for new membership (full and associate) were received by schools and the Subcommittee structure was actioned by the instalment of the Sports Program Committee (SPC). The SPC has since set up the individual activity Subcommittee Chairs which have been forwarded to the Board for ratification.

Future Challenges

Immediate challenge/tasks for the Association include:

- Commissioning of IT interface and database to connect schools with SAAS operations, fixtures, venue allocations and nominations.
- Updating of bylaws for each sport/activity.
- Updating of codes of conduct.
- Strengthening of competitions, lifting standards and addressing miss-matched fixtures.
- Growing our presence in the Adelaide sport landscape.
- Temporary expansion of the SAAS office to deal with strategic matters and future staffing review.

Other Matters

Members should note that it is highly likely that the 2022 year will require financial investment to address the matters above.

In response to the recent SANFL announcement to grow an U/16 competition that would directly impact SAAS participation, the Chair approached SANFL and an initial meeting took place on Thursday 16 September 2021. Although no outcome was achieved, all parties agreed on the value of aligning resources and pathways for all students involved in competitions.
The Board held internal elections late in 2021 to determine the position of Chair and Deputy Chair for 2022.

Australian Rules Football (AFL)

The Australian Rules Football competition was conducted in Terms 2 and 3 with a total of 141 teams (28 Primary and 113 High School) teams competing in 19 competitions. Twenty schools competed in the Australian Rules Football competition played on Saturday mornings and afternoons. Given the reduction of the season due to COVID-19 as decision was made not to participate in the annual State-wide Knockout Competition Grand Final. Top of the ladder for 2021 was once again, Prince Alfred College.

Athletics (Achilles Cup)

The Achilles Cup Track and Field meet was again held at Santos Stadium on 24 September with 17 schools participating. Once again, St Peters College were victorious in the A Grade competition, with Trinity College claiming Runners Up. In Group B, Rostrevor College took out top position and earning promotion back into Group A.
